

## Elliott Night

Found Object Assemblage

Elliott Night is an outsider artist living and creating art in Bisbee. She works with found objects, paints, fibers, metal, plastic, vintage and shiny new things to create dolls and hanging sculpture.

Elliott's philosophy is that "*Everything is an art supply*" from wooden spindles and detergent caps to potato mashers, dead frogs, and broken weedwacker parts... pristine canvases make her nervous...the joy comes from taking a cast off from someone's dumpster or yard sale and transforming it into a "what does it mean?" piece of art.

Elliott teaches art classes at Cochise Community College's Lifetime Learning Program. Her favorite class is the "Kitchen Sink Collage" class where students create a work of art in 4 short hours.

Her work can be seen at:

PanTerra Gallery

54 Brewery Gulch, Bisbee
